Psychology Advisor - WorkSafeBC

As a qualified, registered psychologist, you will work as part of an interdisciplinary case-management team, focusing on the safe, timely, and durable return-to-work of injured workers.

What you’ll do
- engage in collaborative, proactive, individual case consultations, and planning and monitoring assessment and treatment services (along with other health care providers)
- assess injured workers to provide diagnostic, causality options, and treatment and rehabilitation recommendations
- offer educational presentations to staff to promote an understanding of psychology and the concepts and practices of case management

Is this a good fit for you?
We’re looking for a person who can:
- problem-solve in a multidisciplinary, case-management setting
- provide expertise in assessment, diagnosis, and treatment of chronic pain and psychological reactions to workplace injury and trauma

Your experience and educational background:
- a doctorate in clinical psychology, neuropsychology, or counseling psychology
- eligibility to register with the College of Psychologists of British Columbia
- recent, relevant work experience
- training or experience in conducting psychological assessments in a medical-legal context
- familiarity with Windows and Microsoft Office

Who are we?
At WorkSafeBC, we’re dedicated to promoting safe and healthy workplaces across B.C. We partner with workers and employers to save lives and prevent injury, disease, and disability. When work-related injuries or diseases occur, we provide compensation, and support injured workers in their recovery, rehabilitation, and safe return to work. We also work diligently to sustain our workers compensation system for today and future generations. We’re honoured to serve the almost 2.3 million workers and 210,000 employers in our province.

Our benefits
Being part of WorkSafeBC means being part of a strong, committed team. Along with a competitive salary, your total compensation package may include vacation, optional leave arrangements, health care and dental benefits, and contributions toward your retirement pension. As a member of our team, you’ll have access to services and benefits that can help you get the most out of work — and life, including the following professional development support:
- in-house education, mentoring, and consultation
- access to the WorkSafeBC library and professional journals
- professional continuing education
- two annual professional memberships
